ACTION

The dealer will deal out 5 community cards in the shape of a cross. Each player will receive 2 cards face-down. Once all players have examined their own cards, they can fold or make an Across Bet of 1x, 2x, or 3x their Ante Across Wager amount. If the player folds they will surrender both Ante Wagers. Once each player's hand has been acted upon, the dealer will turn over the two outside cards on the horizontal line of the cross.

Each player will then be asked to fold or make a Down Bet of 1x, 2x or 3x their

Ante

Down Wager amount. Players who fold surrender Ante Wagers and Across Bets. The dealer will then turn over the outside cards on the vertical line of the cross.

Each player will be asked to fold or make a Middle Bet of 1x, 2x, or 3x of the original Ante Wager amounts. Players who fold surrender all Ante, Across and Down Wagers. The dealer will then turn over the middle card. The player then uses their two cards plus the three community cards on the horizontal line of the cross to form an Across Hand and uses their two cards plus the three community cards on the vertical line to form a Down Hand.

Winning Across and Down Bets are paid according to the posted payable. The Middle Bet is paid if either the Across or Down Bets qualify as a win and is paid at the odds of the highest ranking hand.

The two Ante Bets are paid even money on a pair of Jacks or better and push on pairs 6's through 10's.
