PLAYING THE GAME

HOW IT WORKS

The casino offers a progressive jackpot, plus fixed jackpot amounts for secondary hands. To wager on this Progressive Jackpot, guests will place $5 on the Progressive Jackpot betting circle. Below are the games with Progressive Jackpot options.

- Crazy 4 Poker
- DJ Wild Stud
- Mississippi Stud
- Run'em Twice
- Three Card Sabotage
- Texas Ultimate Hold'Em Poker

To win the Progressive Jackpot wager the player must have a 5 card qualifying poker hand to match the winning Progressive Jackpot. Envy Bonus eligibility is for whom made a Progressive Jackpot wager during the round of play. Folded hands do qualify for the Progressive Jackpot. The dealer will resolve the progressive and other wagers at each spot, moving counter clockwise from right to left. A player who is NOT playing the progressive side wager can NOT trigger an envy bonus for the other players at the table.
