PLAYING THE GAME

HOW IT WORKS

Three Card Sabotage is a stud poker game played with a 52-card deck that features head-to-head play against the dealer. The player's three-card poker hand against the dealer's best poker hand. You are eligible to win an additional bonus payout that's based on the value of your three-card poker hand. Three Card Sabotage also features the optional *Pair PlusSM* wager.

GETTING STARTED

Make the required ante wager to play against the dealer. You may also make the Pair Plus wager.

WINNING AND LOSING

At this point the dealer will turn over the four cards and make their best three-card poker hand. The dealer will then turn over the Sabotage cards. If one or both of the Sabotage cards match the rank of any cards in the dealer's hand, the dealer must remove those cards from their hand and play with less than four cards. The dealer will then turn over the player's cards and compare their hand against the player's. If your hand beats the dealer's hand the ante and play bets pay 1 to 1. If the dealer's hand beats your hand, the ante and play bets lose.

ANTE BONUS

If you do not fold the ante and make play wager, you may win a bonus payout even if the dealer's hand beats your hand. Payouts are based on the amount wagered on the ante. See pay table for odds.

PAIR PLUS

The Pair Plus wager wins if your three-card poker hand contains a pair or better. See pay table for odds.
